

STRUCTURE

Made of curved solid wood and particle board panels lacquered with water based paint. Wood veneered on the outside, Eco veneered with a wood like finish on the inside. Edges in wood or lacquered Eco veneer.

The invisible full extension glide system has a galvanized metal structure, tecnopolymer castors and safety lock. It allows for vertical and horizontal adjustment as well as soft closing and full extension.

The opening is made possible thanks to the protrusion of the drawer front on the sides.
