

PLANO Casgood

STRUCTURE

Sides, bases and tops made of 2 cm board panels lacquered.

Back panels made of mdf panels Eco veneered.

Drawers fronts made of 4 Th particle board panels, Eco veneer matt lacquered or wood veneered.

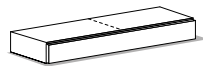

The invisible full extension glide system has a galvanized metal structure, tecnopolymer castors and safety lock. It allows for vertical and horizontal adjustment as well as soft closing and full extension.

Opening with Push-lacht system.

Due their unique design, the Plano modules cannot be stacked to a wall panel; it is not possible to use LED lights on the back of the modules.

All the floor sitting modules are equipped with a wall anchoring device for safety reasons.
