

ZERO Side table

Designer: Andrea Bonini

Year: 2019

DESCRIPTION

Zero side tables are developed on thin metal legs. The versatile design of these complements gives a sense of movement to the environment, thanks also to the possibility of customizing them with top in lacquered wood or marble. The side tables are available in two different heights, creating a game of overlapping tops. Zero side tables are available in different finishes included in our collections.

ZERO Side table

Designer: Andrea Bonini
