

MELTING LIGHT Chest of drawers

Designer: Frank Jiang
Year: 2018

DESCRIPTION

The chest of drawers of the Melting Light collection has elegant and refined lines, it is equipped with three drawers covered in leather enriched by a staggered wave motif that hides the handles. The bronzed glass top is equipped with a wooden drawer for objects, divided into compartments, which can be optional with or without internal lighting. The details in brushed gold metal underline the shapes. The Melting Light chest of drawers is available in different finishes as per sample book.

The company reserves the right to make changes to the models without notice. The information given here is based on the latest data published on the price list.
