

Indoor seating with central backrest composed of mobile cylindrical elements.

Seat padding: recyclable expanded polyethylene mixed with Aerelle® blue polyester fiber, layer of recyclable polyester, fixed foam covering in cotton.

Seat upholstery: removable, consisting of a layer of synthetic felt – made from polyester fibers derived from the recycling of PET bottles from waste sorting, that will be 100% recyclable again – to which décors are applied, made by using production cuttings of the different fabrics and materials in the collection.

Backrest padding: recyclable expanded polyethylene mixed with Aerelle® blue polyester fiber, insert in expanded polyurethane, all encased in a fixed covering in three-dimensional polyester fabric.

Backrest upholstery: fixed, made of Maglia Rasata, an elastic tubular knit produced with polyolefin yarns remained from the weaving of the outdoor fabrics in the collection.

Notes: the elements acting as backrest are fixed in the center of the seat but can freely move.

Awards:

The Metamorfosi collection has been awarded the Green GOOD DESIGN AWARD 2023 and the NYCxDesign Award 2023 in the category of Environmental Impact.

The AZ Awards awarded the collection both as one of the best products selected in the Furniture Systems and Collections category and two Honorable Mentions, one for its design and one for its social impact.
