

Only You

Sergio Bicego

Its sophisticated details make it a unique sofa; among these, the top end of the armrests and backrest, which bends outwards to create little wings facing the surrounding setting. Furthermore, the terminal elements of the sofa can be angled at 45°, thereby allowing the seated guest to face other people and ensuring greater conviviality. The sophistication of each individual part makes this sofa an item of interior décor that rightly joins Bonaldo's collection of padded products.
