

SIRIUS

ANDREI MUNTEANU

MisuraEmme®

This sleek and shiny table in nickel-plated metal with a gold finish is supported by three tubular legs arranged in a triangle and soldered together. The legs support the sunken tray, which in turn holds the marble table top, bringing a delicate touch to contemporary spaces.

TYPE / SMALL TABLES

TECHNICAL DESCRIPTION

Sirius is a small table with tubular structure gold plated, welded to each other in a triangular shape. The structure holds a tray housing a marble th.20mm (6/8") top.

DESIGNER

ANDREI MUNTEANU

Andrei Munteanu was born in 1964 in Bucharest, Romania. He studied physics and industrial design. He collaborated with many companies in the Netherlands, Belgium, Germany and Italy. Between his more important projects we can name the Pure Sofa by Tribu, the modular sofa system Bora Bora projected with Piergiorgio Cazzaniga and made by Mdf Italia, the modular sofa system Dhow and the Mould series by Giorgetti and the Radius One clothes hanger by Radius Design. "I was born and grew up in Romania, initially I concentrated on natural science. I found my artistic identity by searching to connect different influences: the Italian design of '60 and '70 years, New Wave, the Japanese architecture and the primitive art. I believe that the design is a kind of art with a substantial difference: the object created becomes a mean to satisfy the primary necessity to be used, produced in series and commercialized".
