

# PINNA

by Miniforms Lab

Ricordate quando da bambini lanciavate i sassi nell'acqua sperando che rimbalzassero? Ecco, Pinna è una collezione di tre mensole dalle forme organiche, che potrebbero rimbalzare sull'acqua, però stanno decisamente meglio sulle pareti di casa. Sono in ceramica, lucide e spesse. Non lanciatele però.

Do you remember as kids when you used to try to skim stones on the water? Well, Pinna is a collection of three shelves in organic shapes, which could very easily bounce on water, but they would definitely look better on the walls at home. They are made of thick, glossy ceramic. But please don't throw them.
