

## CURVE

design Piero Lissoni

Armchair with supporting frame in lacquered with epoxy powder coating black colour tubular steel. Seat chassis in beech wood, with cross-woven, coated rubber elastic straps. Backrest and armrest frames made with a structural flexible material with supports in PVC80SH with a core of fiberglass and steel. Due to its flexibility, the frame allows a slight bending of the backrest and armrests to provide better comfort. Shell covering in 100% polyether thermally bonded onto a polyamide velveteen backing.

Seat cushions in prewashed and sterilized goose down, stitched into separate compartments, with differentiated density polyurethane foam insert. Backrest cushions and supporting pillows in prewashed and sterilized goose down, stitched into separate compartments, coated with acrylic fibre layers. Feet in chromed steel, with swivelling tip in PVC. Fabric or leather upholstery, both fully removable by zippers and Velcro fastenings. The fabric version only is also available with flounce. Seat depth: 68cm.
