

## CHEMISE BED

design Piero Lissoni

Single or double bed with headboard frame in lacquered drawn tubular steel covered with a structural elastic material. Bedstead structure in double-panelled poplar and pine padded with differentiated density polyurethane foam. Shell covering in 100% polyether thermally bonded onto a polyamide velveteen backing. Metal frame lacquered with black epoxy powder coating for bed assembly and slat base support. Fabric or leather upholstery, both fully removable by Velcro fastenings. Fabric cover to protect the slat base, in 100% cotton, col. Ecrú, fixed to the bedstead upholstery by 2 zippers to open it on the sides and allow to inset the slat base. Floor support secured by plastic

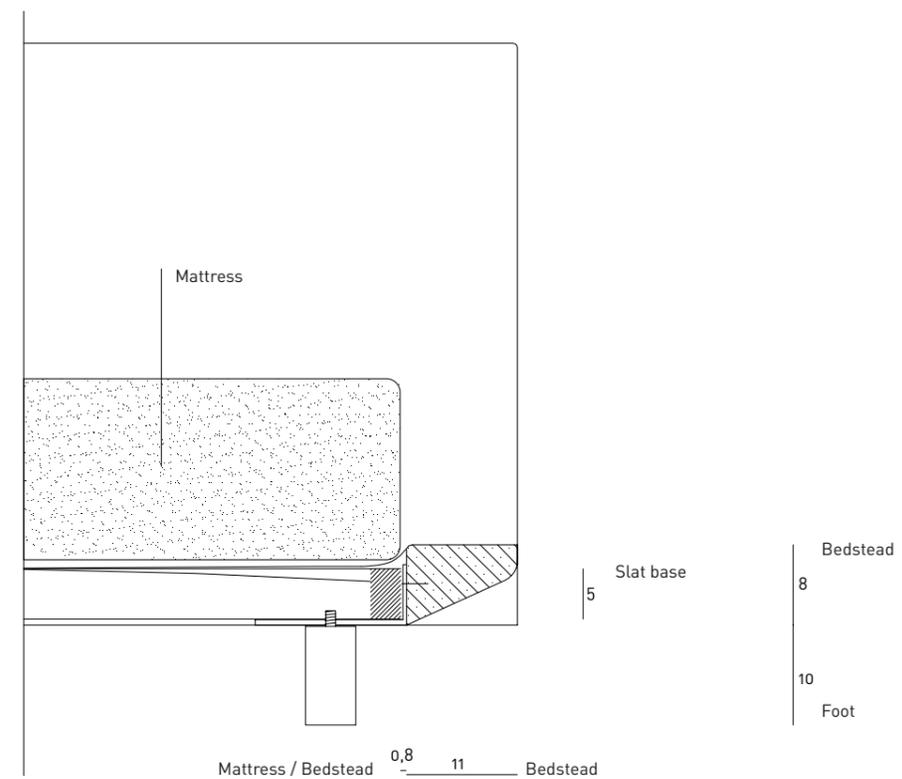

elements (headboard only) and white lacquered aluminum feet (bedstead only).

Available also in American Queen and King size.

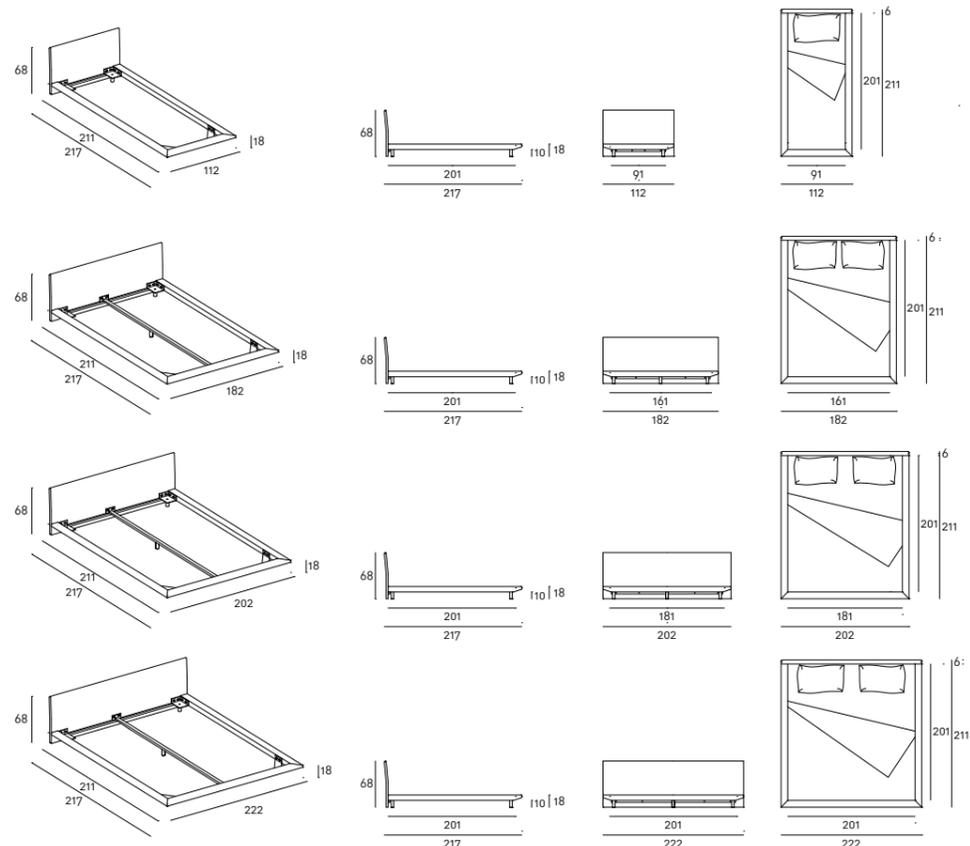

Predisposition for placing slat base, foreseen dimensions:

- cm90x200
- cm160x200 or (2) 80x200
