

## Awa Outdoor

SMALL TABLES

2009

Naoto Fukasawa

## Description

Elegantly asymmetrical, Awa Outdoor is a versatile object, a service table to be placed wherever a support surface is needed. Its plastic shape exploits the properties of Cristalplant®, a refined and sensual material, equipped with a soft touch surface, but at the same time resistant and extremely practical, to be used both indoors and outdoors.

## **Technical** information

**Top and base-frame** Cristalplant Outdoor® (natural mineral filler of phosphate of aluminium with polyester acrylate resin) **Ferrules** thermoplastic material
