

DIAMOND Chest of drawers

Designer: Giovanni Cagnato

Year: 2015

DESCRIPTION

The chest of drawers of the Diamond collection is made with an original curvilinear design, has a wooden structure in glossy lacquered finish with rounded ends covered in leather, which hide a compartment divided by a shelf, in the center it is equipped with two drawers. The padlocks, the base and details in gold metal enhance the luxury of this chest of drawers. The Diamond chest of drawers is available in different finishes as per the sample book.
