S TABLE

Designed by Xavier Lust

A sound that reminds a shape, a name that speaks for itself: S Table, in which the liquid consonant perfectly tells about the twisted S-shaped stand of this table designed by Xavier Lust. The creations of award-winning designer actually stand out for the visible tension he gives to his objects, featuring curves inspired by the (de)formation process of metallic surfaces that identifies his whole creative path.

The stand, moulded either in Ceramilux or in Cristalplant, technologically advanced, hypoallergenic and non-toxic material, can be crowned by different types of top – in crystal, in wood fiber, marble, in reconstructed stone or in Cristalplant – to further customise an already unique object.

This design table's communication strength is remarkable, in any kind of space.

BASES

CRISTALPLANT® BASE

It is a unique highlyadvanced composite material made up of a high percentage of natural minerals (ATH derived from bauxite) and a small percentage of extremely pure polyester and acrylic polymers; thus it is an inert hypoallergenic and non-toxic material. CRISTALPLANT® is a 100% made-in-Italy solid surface and is 100% recyclable.

CERAMILUX® BASE

It is a material composed of natural minerals (calcium carbonates and aluminium trihydrates) and polyester resin. The gelcoat film coating the surface of the material is made of a highly-resistant acrylate polyester.

RECONSTRUCTED STONE

It is obtained from a blend of mineral powders that have been micronized and mixed with liquid acrylic and water-based products, giving it a material essence. The finishes are applied manually with a palette knife over the entire surface of the table, creating a one-of-a-kind texture that characterises each and every product, both to the eye and to the touch. Finishes: Reconstructed stone white calce and black slate.

TOP/STAND COMBINATIONS

TOPS FOR WHITE STAND:

• Clear or extra clear glass, 15 mm thickness;

• Clear or extra clear tempered glass, 15 mm thickness;

• Matt lacquered white MD wood finish, thickness 30mm;

• Matt white Cristalplant®;

• Matt or gloss Namibia white marble, matt or gloss Carrara white marble and matt or gloss Bardiglio medium grey marble. Thickness 20 mm and top support 16mm;

• Reconstructed stone white calce.

TOPS FOR BLACK STAND:

• Tempered smoked grey glass, 12 mm thickness;

• Sahara matt black marble, thickness 20 mm and top support 16mm;

• Reconstructed stone black slate.
