

Dining tables.

The Sciara series also includes side tables and consoles available in different dimensions.

**Structure:** AISI 304 stainless steel, matt varnished in grigio lava colour or gloss varnished (reference colours: Mano Lucida wood sample collection). Plastic spacers.

**Support surface:** aluminium honeycomb, matt or gloss varnished in a colour matching the structure.

**Top:** lava stone with glass décor as a composition of elements.

**Notes:**

The top décor is made by hand and makes each single piece unique. The material, the particular production process and technique lead to different patterns on each element, which in turn form tops, which are different from one another, even within the same batch. Irregularity is the featuring characteristics of this production process.

The lava stone elements composing the tops of Sciara can be used also to cover and decorate vertical surfaces.

This product can be used also in interior environments.

We advise to use a Winter Set protection cover.
