

Indoor chair, little armchair, armchair and sofas with upholstery hand woven onto the structure.

CHAIR AND LITTLE ARMCHAIR

Structure: stainless steel AISI 316.

Upholstery: fixed, in Chain tubular knit padded in polyester fiber and woven by hand. Each element forming the weave is made by recovering and sewing together production offcuts in the different mélange colours in the collection.

Base: gloss-varnished stainless steel AISI 316 (reference colour: Mano Lucida wood sample collection).

Seat cushion: cold injected expanded polyurethane covered with polyester fiber and polyamide, internal steel frame with elastic belts.

Cushions upholstery: fixed, in all the indoor fabrics in the collection.

ARMCHAIR AND SOFAS

Structure: stainless steel AISI 316 with elastic belts.

Upholstery: fixed, in Chain tubular knit padded in polyester fiber and woven by hand. Each element forming the weave is made by recovering and sewing together production offcuts in the different mélange colours in the collection.

Base: gloss-varnished stainless steel AISI 316 (reference colour: Mano Lucida wood sample collection).

Seat cushion: stress resistant expanded polyurethane, foam covering in polyester fiber and polyamide.

Seat cushion upholstery: removable, in all the indoor fabrics in the collection.
