

Indoor seating piece with little backrest in the middle.

Padding: recyclable expanded polyethylene mixed with Aerelle® blue polyester fiber, fixed covering in three-dimensional polyester fabric.

Upholstery: fixed, in Maglia Rasata.

Notes:

For better stability, the seating is ballasted with sandbags.

Maglia Rasata is an elastic tubular knit produced with polyester yarns left over from the weaving of the indoor upholstery fabrics in the collection. Due to the very nature of the upholstery cover, each piece will be unique and non-replicable.

Awards:

The Metamorfosi collection has been awarded the Green GOOD DESIGN AWARD 2023 and the NYCxDesign Award 2023 in the category of Environmental Impact.

The AZ Awards awarded the collection both as one of the best products selected in the Furniture Systems and Collections category and two Honorable Mentions, one for its design and one for its social impact.
