

Metamorfosi | Chromodoro

design : Campana

Indoor seating platform with backrest composed of a single, large and independent cylindrical element.

Platform padding: recyclable expanded polyethylene mixed with Aerelle® blue polyester fiber, layer of recyclable polyester, fixed cotton covering.

Platform upholstery: removable, composed of a layer of synthetic felt - made from polyester fibers derived from the recycling of PET bottles from waste sorting, that will be 100% recyclable again – to which décors are applied, made by using production cuttings of the different fabrics and materials in the collection.

Backrest padding: recyclable expanded polyethylene mixed with Aerelle® blue polyester fiber, fixed covering in three-dimensional polyester fabric.

Backrest upholstery: fixed, in Maglia Rasata, an elastic tubular knit produced with polyolefin yarns remained from the weaving of the outdoor fabrics in the collection.

NEW 2023

Removable platform upholstery made by sewing together elements in Paola Lenti Felt with Punto ZigZag stitch, which are then decorated with fabric appliques and machine embroideries.

Fixed backrest upholstery in Costa Inglese, a new two- colours elastic tubular knit, exclusive to Paola Lenti.

Notes: the backrest is simply laid on the platform and can freely move to be placed in the desired position.
