

Pouf with fabric upholstery cover, available with or without fringes.

Structure: polypropylene microspheres, fixed foam cover in three-dimensional polyester fabric.

Upholstery: removable, in a bouclé fabric hand loom woven with remnants of yarns and scraps from the indoor fabrics in the collection.

Notes: the colour combinations have been conceived according to an aesthetic criterion, which enhances every single component, and conceptual, which takes up the philosophy of “no waste” of the Mottainai collection.
