

Keel, 922
sedia dining \ dining chair

La famiglia Keel composta da sedia e poltroncina dining, poltrona e sgabelli a due altezze, nasce da una ricerca sul tema del rapporto tra rigore geometrico e sinuosità organica. Keel, che si differenzia dalla collezione Keel Light per la seduta interamente imbottita, rimanda al mondo della nautica, rappresentando il tentativo di trovare il miglior equilibrio tra una struttura lineare in tondino di acciaio ed elementi d'appoggio in massello di frassino dalle forme morbide e sinuose che presentano una lavorazione molto particolare.

The Keel family, consisting of dining chair and dining armchair, armchair and two-height stools, was born from the research of the relationship between geometric rigor and organic sinuosity. Keel, which differs from the Keel Light collection for the fully upholstered seat, refers to the nautical world, representing the attempt to find the best balance between a linear structure in steel rod and support elements in solid ash wood with soft and sinuous shapes that have a very particular manufacturing process.
