madia \ sideboard

Famiglia di contenitori composta da madia e credenza, Sen si ispira al disegno delle tradizionali porte giapponesi in carta di riso. Il disegno del volume in frassino, disponibile in tutte le finiture di collezione, si stempera nella leggerezza visiva data dall'incrocio di griglie in massello di frassino, applicate ad ante scorrevoli in vetro temperato bronzo o trasparente che celano piani interni a diverse altezze.

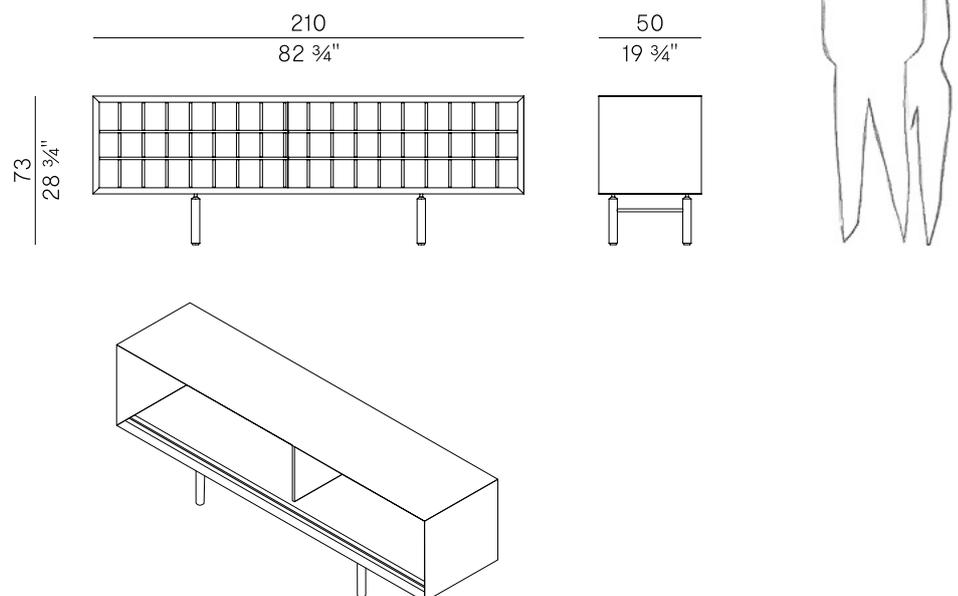

A family of containers composed by sideboard and cabinet, Sen is inspired by the design of traditional Japanese rice paper doors. The design of the ash wood volume, available in the finishes as per collection, tones down thanks to the visual lightness created by the crossed grilles in solid ash wood applied to sliding doors in bronzed or transparent tempered glass concealing internal shelves at different heights.
