DORVAN

[Matteo Thun & Antonio Rodriguez, 2024]

[ITA] Caratteristiche Tecniche

Struttura: in tubolare di metallo zincato e verniciato a polvere, colore opaco nero.
Imbottitura struttura: Ecopiuma (fiocchi di microfibra in poliestere) con poliuretano a densità differenziata, MIND, e tela di cotone.
Cuscino schienale: Ecopiuma (fiocchi di microfibra in poliestere) racchiusi in una fodera in cotone e poliestere.
Rivestimento: tessuto e pelle completamente sfoderabile.

[FRA] Caractéristiques techniques

Structure: en tube métallique galvanisé et laqué poudre, coloris noir mat.
Garnissage structure: Ecopiuma (flocons de microfibres de polyester) avec polyuréthane à densité différenciée, MIND et toile de coton.
Coussin de dossier: Ecopiuma (flocons de microfibres de polyester) contenus dans une housse en coton et en polyester.
Revêtement: tissu ou cuir, entièrement déhoussable.

[ESP] Características técnicas

Estructura: en tubo de metal galvanizado y pintado al epoxy, color negro mate.
Acolchado estructura: Ecopluma (copos de microfibra de poliéster) con poliuretano de diferente densidad, MIND y tela de algodón.
Cojín respaldo: Ecopluma (copos de microfibra de poliéster) en funda de algodón y poliéster.
Revestimiento: tejido y piel completamente desenfundable.

[ENG] Technical features

Structure: made of galvanised tubular metal, powder-painted in matt black.
Structure padding: Eco-down (polyester microfibre flocks) with polyurethane in various densities, MIND and cotton fabric.
Backrest cushion: Eco-down (polyester microfibre flocks) enclosed in a cotton and polyester cover.
Cover: completely removable fabric and leather.

[DEU] Technische Merkmale

Struktur: verzinktes Metallrohr mit glänzender Pulverlackierung in schwarz matt.
Strukturpolsterung: Ecopiuma (Flocken aus Polyestermikrofasern) mit Polyurethan unterschiedlicher Dichte, MIND und Baumwollgewebe.
Rückenkissen: Ecopiuma (Flocken aus Polyestermikrofasern) in einem Bezug aus Polyester- oder Baumwollgewebe.
Bezug: Stoff und Leder, vollständig abnehmbar.
