Information

We love the mix of snow marble and vintage brass combined with the proportions of the narrow base and tray-like top. The adjustable height (19" or 21") makes it usable in any room.

Information

Attribute Additional Info 3: As a natural material, color variation is to be expected. The color has been determined randomly depending on what mineral content makes up each batch when the marble is formed. This is what makes marble such a unique material to work with.
